Dear Dr Rebelo,

I would like to apply for the postdoctoral position advertised. I have recently completed a postdoc (Professor's Assistant) at the University of Karlsruhe. I was previously at Padova University, and did my PhD in high energy theoretical physics at Harvard under the supervision of Professor Lisa Randall. I have a wide range of research experience which I would like to use and build on. I feel this would be a wonderful opportunity to join a dynamic department and am very excited about the possibility of working with you. Please let me know if you need any further information.

Thank you so much for your help,

Yours sincerely,

Shiyamala Thambyahpillai
