Dear Prof. Branco

I am writing to express my interest to apply for the Postdoc position in your group.

I finished my PhD studies at University of Liege in September 2012. My research focus has been on the scalar sector of multi-Higgs-doublet models, and the phenomenological implications of the possible symmetries imposed on the scalar potential.

After my PhD, I have started working as a visiting researcher at the University of Southampton, working on the Exceptional Supersymmetric Standard Model. Having built a strong background in Group Theory, I am studying dark matter candidates in the inert scalar sector in ESSM.

My references are:

Dr. Igor Ivanov <Igor.Ivanov@ulg.ac.be> +32 4 366 3784

Prof. Jean-Rene Cudell <JR.Cudell@ulg.ac.be> +32 4 366 3654

Dr. Pedro Ferreira <ferreira@cii.fc.ul.pt> +35 1218 317 135

Prof. Maria Krawczyk <maria.krawczyk@fuw.edu.pl> +48 22 55 32 309

I am very ambitious, motivated and effective, and I really enjoy working in a team.

I have attached a copy of my CV and research interest to my portfolio. Please do not hesitate to contact me for further information.

Thank you for considering me for the position.

Best regards,

Venus Keus

Visiting researcher
School of Physics and Astronomy
University of Southampton
