Dear Professor Branco,

I would like to apply for a postdoctoral position in Physics available at CFTP of IST, Lisbon, Portugal. I have been pursuing my first postdoc at UC Riverside, USA with Professor Ernest Ma and Professor Jose Wudka and my interests include dark matter, supersymmetry, neutrinos, collider analysis for LHC etc.

I attach herewith my CV, list of publications (including ones that I believe to finish soon !) and a resume describing in short the works done so far and on-going projects. I will arrange for 3 letters of recommendation to be sent to you.

I will be very happy if you consider my application seriously.

Thanks and regards,  
Subhaditya
